SKY Perfect JSAT Corporation

### “Portable News” streaming foreign language news app launched for international tourists visiting Japan

SKY Perfect JSAT Corporation (Head Office: Minato-ku, Tokyo; Representative Director, President & Chief Executive Officer; Shinji Takada, hereinafter “SKY Perfect JSAT”) announces the launch on January 19, 2018 of an application called “Portable News” (“The App”) which aggregates free live-streaming broadcasts from major broadcasting stations in other countries and makes them available via tablet or smartphone.

In the last few years there have been more than 20 million international tourists coming to Japan on an annual basis. SKY Perfect JSAT has launched this service based on its forecast that there will be demand from these non-Japanese speaking travelers for live-streaming broadcasts in their own languages about news and events happening at home while in Japan. The App is hosted in Japan, aimed at international travelers. Free to install and to use, it will make news and other channels available to users in their native languages on a consistent basis.

Since its launch on January 19, The App has offered users seven different channels (in 13 languages). SKY Perfect JSAT is proud to offer “France 24 Live” for 24 / 7 for the first time in Japan. Channels from countries in North America, Asia, and Africa will be added in the future.
